Are you depressed? Do you feel hopeless? Do you feel distant from God? There are many Christians who suffer from depression, but many feel alone in their struggle with it. There is still much stigma attached to the illness of depression, but this stigma is two-fold for Christians. They have stigma attached to them not only

from society as a whole, but also in the place where they are supposed to find support and understanding the church. Those suffering from depression may see the cause of their depression attributed to being weak, not being a good Christian, not having enough faith, or having some hidden sin. If a Christian is receiving care through a community agency that provides counseling, psychiatric services, or case management services, there is a tendency to find limited support for their Christian views or encouragement from the Bible. In this guide, author Derrin Drake relies on his twelve years of work experience in the mental health field as well as the Bible to provide hope, encouragement, stability, and direction through the illness of depression. Regardless of where a person is at in dealing with the illness of depression, *Hope Is Not Lost: Staying Connected with God in the Midst of Depression* can help you once again feel connected to God, find encouragement, find strength, and find hope for the journey. Are you tired of living in defeat, letting life get the better of you? There is an answer there is a way and the greatest news is you can do it! David has discovered some keys to victorious living that work for anyone they are God made principals that will work in any situation. Why are we scared of the dark? Usually it's because we don't know what's there. Perhaps a friend? Perhaps a foe? The Bible tells us that even though we "walk through the valley of the shadow of death," God is with us. In this topical look at Christian suffering, author David Campbell reminds us that God has purpose in every season - even the painful ones. Both provocative and comprehensive, *Night Light* will give you a foundation of strength to walk through the most challenging circumstances. Have you ever been in a physical or spiritual storm? Well, they are both similar. A physical storm is whereas there are dark clouds, thunder and lightning and the sun refuse to shine. There is also rain, and I mean rain, rain, and then more rain. A spiritual storm has some of the same characteristics. The most highly visible difference is that soon the physical storm has passed. A spiritual storm, one may have to weather it much longer. It won't be over until God say that it is. During this time we must praise, pray, and persevere. This is the only way that we

will be able to weather the storm. When in the *Midst of a Spiritual Storm: Praise, Pray, and Persevere* will open our minds to the spirituality of God's work. Whenever we experience these storms God is doing a great work in us and he is taking us to another level in him. The author portrays some of the many storms that she has had to endure as well as those of some biblical characters, and others who she has had contact with. The author guarantees that you will be able to see yourself or those who are close to you in some of these storms. You will be able to also see how storms can be weathered with God's assistance. There are many obstacles in weathering storms and many spiritual disciplines that we must acquire. It is my prayer that we can all learn from this knowledge. Why do we go through hard times? Why do the beloved children of a merciful, compassionate Father have to face tragedies and heartbreaking circumstances? Where is God when these things are happening? "Infinite Hope, rich with inspirational true stories and breathtaking artwork, will bless you with the kind of hope that never fades and always brightens the darkest paths of life. This is no ordinary hope, but instead a life-transforming hope. It is a hope that will fill you with confidence and inspire you to find peace with yourself and your circumstances. Stories and insights about suffering and the goodness of God, along with illustrations from Joni Eareckson Tada and Jill DeHaan, will give you a richer, deeper love for Christ, the Blessed Hope."--Provided by publisher. In today's world, it's tough to make everyday decisions, let alone decisions that honor God. Our culture is increasingly driven by selfish desires. However, as Christians, our lives should not be self-centered and static; they should be others-centered and active, making a difference for the Kingdom of God. Living "So That" is a fresh approach to understanding God's Word, focusing on many of the powerful "so that" verses in Scripture, including *Jesus Came So That. . .*; *God Spoke So That. . .*; *Pray So That. . .*; *Trials Come So That. . .* Through her approachable style, personal examples, and biblical teaching, Wendy equips readers to take what they study in the Word of God and practically live it out in order to impact the world around them. The result is a renewed appreciation for the

power and applicability of Scripture. Through practical examples and biblical truths, Wendy helps readers gain a new perspective on daily living, equipping them to apply these biblical truths to present-day decision-making. Features include: “Going Deeper” sections encourage readers to dig further into the truths presented “Call to Action” sections challenge readers to take practical steps to apply what they have learned Helpful tips and tools for practicing active faith Foreword by Nan Roman, President and CEO of the National Alliance to End Homelessness This book explains how to end the U.S. homelessness crisis by bringing together the best scholarship on the subject and sharing solutions that both local communities and national policy-makers can apply now In the Midst of Plenty shifts our understanding of the phenomenon of homelessness away from issues of individual disability and embeds it in larger contexts of poverty, income inequality, housing affordability, and social exclusion. Homelessness experts Shinn and Khadduri provide guidance on how to end homelessness for people who experience it and how to prevent so many people from reaching the point where they have no alternative to sleeping on the street or in emergency shelters. The book is organized around four questions: Who becomes homeless? Why do people become homeless? How do we end homelessness? How do we prevent it? Based on a comprehensive look at relevant research, the authors show that we know how to end homelessness—if we devote the necessary resources to doing so. In the Midst of Plenty: Homelessness and What to Do About It is an excellent resource for professionals and decision-makers in the homeless services system, as well as for anyone who is interested in helping to end homelessness. It also can be used as a text in undergraduate or masters courses in public policy, sociology, psychology, social work, urban studies, or housing policy. “The knowledgeable and thoughtful authors of this book—two brilliant women who know as much as anyone in the country about the nature of homelessness and its solutions—have done a great service by taking us on a journey through the history of homelessness, how our responses have changed, and how we can end it.” Nan Roman, President and CEO

National Alliance to End Homelessness. “Shinn and Khadduri’s new book is a thorough yet concise examination of what we know about the nature and causes of homelessness, and the crucial lessons learned. This critically important work provides a roadmap to restoring basic housing and income security as viable policy options, in the face of our daunting inequality divide that otherwise threatens millions with destitution and homelessness.” Dennis Culhane, Dana and Andrew Stone Professor of Social Policy, University of Pennsylvania “Marybeth Shinn and Jill Khadduri have combined their significant expertise to create an essential guide about the history of modern homelessness and to offer a clear path forward to end this American tragedy. Their policy recommendations on ending homelessness are culled from the best about what we know works.” Barbara Poppe, Executive Director US Interagency Council on Homeless, 2009-2014.

Trapped in an isolated old house on Martha's Vineyard in winter, Diana Barlow is either seeing ghosts or losing her mind ... After an estrangement from her parents, Diana came to Martha's Vineyard to start a new life with her husband Ford and young daughter Samantha. The beautiful Victorian house that Ford inherited seemed the perfect home for a fresh beginning. But in the winter, when the tourists go home and the island is deserted, Diana is afraid she's going crazy. Specters of people long dead flicker in and out of her vision. The antique dolls in her house never stay where they're put. Samantha suddenly has a whole group of imaginary friends who live in the house and tell her terrible things. And Ford is becoming increasingly moody, unpredictable, and violent. While Diana investigates the horrifying history of the house, the past, the present, the living and the dead fatally intertwine, and Diana realizes she and her daughter must escape -- if Ford and the house will let her. This is a thoroughly useful, authoritative and compassionate book about the last taboo subject death. In exploring our responses to death, it reveals a great deal about Australian society. There is grim humour in the practical details of burial in the days of pick and shovel and a priest if you were lucky. Stories of elaborate Victorian mourning etiquette, of poignant personal histories recorded on gravestones, of

vehement debates about cremation, and much more, make good reading. The authors a theologian and a funeral director use this frank social history to look at questions we often avoid. What is grief? How can we help ourselves and others through it? What choices do we have for farewelling our loved ones? Are the rituals of churches, funeral parlours and cemeteries flexible enough to meet our endlessly varied needs? Both professional and general readers will find many answers and yet more questions in this informative and reassuring book. Dr. Arku takes readers from the passage of pain to their promise in God in order to help them deal with crisis victoriously. (Christian) www.xlibris.com/AFLOWERinthemidstofthorns.html Learn all about Dietrich Bonhoeffer, whose work as a spy in the German resistance led to imprisonment and eventual execution. New York Times and worldwide bestselling author Isabel Allende returns with a sweeping novel that journeys from present-day Brooklyn to Guatemala in the recent past to 1970s Chile and Brazil that offers “a timely message about immigration and the meaning of home” (People). During the biggest Brooklyn snowstorm in living memory, Richard Bowmaster, a lonely university professor in his sixties, hits the car of Evelyn Ortega, a young undocumented immigrant from Guatemala, and what at first seems an inconvenience takes a more serious turn when Evelyn comes to his house, seeking help. At a loss, the professor asks his tenant, Lucia Maraz, a fellow academic from Chile, for her advice. As these three lives intertwine, each will discover truths about how they have been shaped by the tragedies they witnessed, and Richard and Lucia will find unexpected, long overdue love. Allende returns here to themes that have propelled some of her finest work: political injustice, the art of survival, and the essential nature of—and our need for—love. After his religious conversion, Clint Backer, former second-in-command of the Wolves, an outlaw motorcycle gang, strives to reach out and bring the Good News to society's outcasts, including his former comrades Written with great energy and wonderful, fanatic precision and brimming with rapid-fire, often gritty dialog, Barons evokes the spirit of the 1970s. Conjuring up an ensemble of extraordinary, true-to-

the-age characters, he invites all who lived through that decade of love and language to rekindle the dreams of that generation. In *The Midst Of* summons the generation that defined the '70s. Brian, a college sophomore, connects with an offbeat mentor cum older brother named Hollis in a lopsided relationship. When Hollis at last moves on, Brian wanders through jungles of myth, love and rich language in search of his lost friend. Like zapping digitized aliens in a '70s video arcade, reconstructing the past relies on virtual images. Brian meets Angie, Cindy, David and Nancy and Nadine, but the question remains, does one ever meet Hollis, the elusive harlequin and hero from Brian's past? Hollis is the quest, as distinctive as the bull's eye embossed on any Zen-archer's target. To find him is to find rationality at the center of a koan and truth in the abode of memory. Through the eyes of an innocent girl into the views of a woman, journey through the life of Authorine M. McKnight-Solomon, as she tells you of her pains, accomplishments, heartaches and feelings of abandonment. Hear her heart as she not only speaks of the situations and circumstances in her life that affected her, but as she discovers things about herself that she didn't even expect to realize! Offers advice for overcoming an unhealthy will to please others and learning to make wise choices, counseling readers to learn to say no when appropriate so that they can say yes to God and find the right course for themselves. Through personal testimonies and stories from God's word, Cruze demonstrates how a few simple principles can make a difference in people's lives. She provides practical tools for discovering peace as one grows in his or her relationship with Christ. (Practical Life) A young mother living with cancer, Kara Tippetts invites us to see the grace of the everyday in all seasons of life and to live well even when the living is hard. The last collection of true-life nursing stories from the No.1 bestselling author of the *CALL THE MIDWIFE* series. Jennifer Worth's bestselling memoirs of her time as a midwife have inspired and moved readers of all ages. Now, in *IN THE MIDST OF LIFE* she documents her experiences as a nurse and ward sister, treating patients who were nearing the end of their lives. Interspersed with these stories from Jennifer's post-midwife

career are the histories of her patients, from the family divided by a decision nobody could bear to make, to the mother who comes to her son's adopted country and joins his family without being able to speak a word of English. *IN THE MIDST OF LIFE* also gives moving insights not just into Jennifer's life and career, but also of a period of time which seems very different to today's, fast-paced world. How ordinary urban objects influence our behavior, exacerbate inequality, and encourage social change Assumptions about human behavior lie hidden in plain sight all around us, programmed into the design and regulation of the material objects we encounter on a daily basis. *In the Midst of Things* takes an in-depth look at the social lives of five objects commonly found in the public spaces of New York City and its suburbs, revealing how our interactions with such material things are our primary point of contact with the social, political, and economic forces that shape city life. Drawing on groundbreaking fieldwork and a wealth of original interviews, Mike Owen Benediktsson shows how we are in the midst of things whose profound social role often goes overlooked. A newly built lawn on the Brooklyn waterfront reflects an increasingly common trade-off between the marketplace and the public good. A cement wall on a New Jersey highway speaks to the demise of the postwar American dream. A metal folding chair on a patch of asphalt in Queens exposes the political obstacles to making the city livable. A subway door expresses the simmering conflict between the city and the desires of riders, while a newsstand bears witness to our increasingly impoverished streetscapes. *In the Midst of Things* demonstrates how the material realm is one of immediacy, control, inequality, and unpredictability, and how these factors frustrate the ability of designers, planners, and regulators to shape human behavior. *Discover Who You Are and Live Like It Matters* Have you ever questioned God's plan? Wondered why life has unraveled in an unexpected direction? Struggled with disappointment or doubted your purpose in life? Many of us have. Riding the rollercoaster of highs and lows in his NFL journey, Heisman Trophy winner Tim Tebow has learned what it means to be grounded in who

you are no matter what life throws your way. In this powerful, four-session Bible study, Tebow delivers a Scripture-packed message about what it means to fix your hope and your identity in a God who does not change. Follow Tebow as he highlights key players and passages from the Bible that will inspire you to: * Release bitterness from past hurts and trust in a loving God * Recognize and use your talents to make a difference in the world * Remain resilient and grounded in your faith despite extraordinary odds Perfect for group use or individual reflection, this dynamic study also includes key quotations and in-depth discussion questions. Shaken Bible Study is the training ground for your greatest battles and will leave you spiritually and mentally prepared to face life's challenges head-on. One extraordinary woman. One hundred years of history. One unforgettable story. Violeta comes into the world on a stormy day in 1920, the first daughter in a family of five boisterous sons. From the start, her life is marked by extraordinary events, for the ripples of the Great War are still being felt, even as the Spanish flu arrives on the shores of her South American homeland almost at the moment of her birth. Through her father's prescience, the family will come through that crisis unscathed, only to face a new one as the Great Depression transforms the genteel city life she has known. Her family loses all and is forced to retreat to a wild and beautiful but remote part of the country. There, she will come of age, and her first suitor will come calling. What are you worried about right now? Chances are, something comes to mind. We all face failing health, job loss, family tragedy, and other situations that are uncertain. How do we not only manage our worry, but also overcome it? This valuable study guides participants past the low level view of the waves of uncertainty crashing all around us and narrows our focus on Jesus. Through this study, participants will look at passages of Scripture showing God as a trustworthy friend, savior, and guide. When we learn to trust Jesus with our uncertain situations, relationships, and future, we will find him to truly be the Prince of Peace. Features include: Twelve weeks of interactive Bible study Questions for discussion Tips for leading a great group Women of Faith Study Guides have sold more than 2

million copies to date. How the daily practices of life with children can shape our faith *In the Midst of Chaos* explores parenting as spiritual practice, building on Bonnie J. Miller-McLemore's fresh conceptions of children from her book *Let the Children Come*. She questions conventional perceptions that spiritual practices require silence, solitude, and uninterrupted prayer and that assume a life unburdened by care of others. She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them. Miller-McLemore explores how parents might use seven daily practices, such as play, reading, chores, and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually. Through these experiences, she shows how the very care of children forms and reforms the faith of adults themselves, contrary to the belief that adults must form children. *In the Midst of Chaos* also goes beyond the typical focus on individual self-fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together. Readers will find in this book an invitation to love those around them in the midst of life's craziness and to live more deeply in grace. Written for those who suffer from a life-changing illness, and their friends and family, this comforting book looks at what the Bible says about healing and helps readers learn to trust in God and in His sovereignty. Once he was known as the angel Remiel, but generations ago, Boston PI Remy Chandler chose to renounce Heaven and live on Earth, where he found a secure place among ordinary humans.... Remy Chandler has found a new love—and his best human friend is reluctantly coming to grips with Remy's "unusual" abilities. He's finally reached a kind of peace between his true angelic nature and the human persona he created for himself so long ago. But Heaven and the Legions of the Fallen still stand on the brink of war. When one of Heaven's greatest generals is murdered, it falls to Remy to discover who—or what—might be responsible, which could trigger a final conflict that would consume the Earth. The deeper he digs, the further he goes into a dark world of demonic assassins, secret brothels, and

things unsettling even to a being who has lived for eternity. But it is not in his nature—angelic or human—to quit, no matter the personal price.... Suffering is, in the end, God’s invitation to trust him. “As he did in his best-selling book, *Heaven*, Randy Alcorn delves deep into a profound subject, and through compelling stories, provocative questions and answers, and keen biblical understanding, he brings assurance and hope to all.” –Publishers Weekly

Every one of us will experience suffering. You may be in such a time now. We see the presence of evil in the headlines every day. It all raises questions about God—Why would an all-good and all-powerful God create a world full of evil and suffering? How can there be a God if suffering and evil exist? Atheists such as Richard Dawkins and even former believers like Bart Ehrman answer the question simply: The existence of suffering and evil proves there is no God. But in this illuminating book, best-selling author Randy Alcorn challenges the logic of disbelief, and brings a fresh, hopeful, and thoroughly biblical insight to the issues these important questions raise. Alcorn offers insights from his conversations with men and women whose lives have been torn apart by suffering, and yet whose faith in God burns brighter than ever. He reveals the big picture of who God is and what God is doing in the world—now and forever. And he shows the beauty of God’s sovereignty—how it ultimately triumphs over suffering and evil in our lives and the world around us. The Tolai are among the most distinctive of Papua New Guinea's indigenous peoples. For all their success in the pursuit of modernity, the Tolai remain traditional in their attitudes toward death, the cultural elaboration of which colors almost every aspect of their existence. In his new book, *A. L. Epstein* develops an emotional profile of the Tolai, contending that societies are distinguished as much by the shape of their emotional life as they are by their social arrangements and cultural styles. Epstein describes a wide range of mourning ceremonies and other more and less public occasions. By investigating not only the words that stand for emotions but also the way affect enters into and informs people's conduct, he charts a new course for ethnography that seeks to integrate the study of the emotions into anthropological analysis. Can

time be our friend? At first glance the question seems ridiculous, because the apparent scarcity of time is a constant source of stress in our busy lives. There are not enough hours in the day, we say as we collapse late at night. Deep down we know that we cannot go on like this. Father Stinnisen's book dares us to see time with new eyes. The insight that eternity is written in the depths of our hearts helps us to live in time in a way that leads us deeper into God's joy. We are like children in a land of fairy tales where everything is exciting and exploration never ends. We therefore should rejoice that everything around us is great and mysterious and that we can live in eternal wonder. His intention is not to explain what time is and thus take away its mystery. Instead, his aim is to show us how to see time from different perspectives and to discover how rich and multifaceted it is. Above all, he demonstrates how we can make use of the tremendous possibilities that time offers to us. Does life have you running in circles? Have you felt the internal pull to rest and be still but your mind keeps going at an incredible rate? Do you desire the calm even in your chaos? You are not alone. It is time to be real, unmask yourself and get honest with God. He is inviting you into a precious time to give your soul some much needed soul care. This is not a book about to-do lists, accolades, or attempts to do things right or what we have done wrong. It is about the One who created you, what He says about who you are and what He desires for you. It is time to stop running to the next event, self-help book, activity, or diet and accept the invitation into who He has designed you to be. You are invited to breathe deeply, quiet yourself and step into an oasis of God's supernatural presence. Over the last twenty years, Kimberly Swaim has developed a genuine peace as God led her through the fires of trauma, heartache and restoration, and into His unexplainable rest. In this seven-week study, Swaim guides you through a tender journey out of the chaos and into a spacious place that will bring you face to face with Love and Peace Himself. Not a spoon-fed, check-off-the-boxes kind of Bible study-Finding Calm in the Midst of the Chaos is a sweet invitation into the Father's heart. So, grab a coffee, pull up a chair and rest in the presence of your Creator as you begin to

discover who He has already created you to be. Author's experiences about the sociological aspects of Santal people of Bolpur area, West Bengal. Long suspicious that the world was going to go up in flames, Jay has retreated to remote Northern California and lived off the grid for years. She didn't want to be right—but she was. When the war ended, it was clear nobody had won. Susan knows only one place where she and her extended family might be safe: with Jay, her ex. Desperate and frightened, the refugees rely heavily on their friend Piper, who agrees to make the journey with them. After a ragged reunion, Jay is willing to take in the newcomers, but the only way they will survive on the land is if they all work and sacrifice. It is easier said than done, especially when old feelings—and new ones—break the fragile peace and threaten them all. Life is full of drama. How can we know the Lord is speaking to us? How can we hear God when our lives are so busy? 1 Kings 17–2 Kings 2 is the story of the prophet Elijah and his example of using basic spiritual disciplines to hear God's voice. Elijah's circumstances were not so different than ours. His story is full of highs and lows. He was consumed by fear for his life, depression, fatigue, and too many demands. But when Elijah listened for God's gentle whispers he was confident, he had God's power to perform miracles, he had a fiery attitude to take on anything or anybody, he had supernatural strength and energy, he led others' to recognize Truth, and he had acute hearing of God's voice. This story begins and ends with the same amazing scene for Elijah ... and for us. It is a miracle more powerful and life changing than fire from heaven or a limitless supply of oil in a jar. It is the miracle of knowing God. Everything that God offered Elijah, He offers to us: His power, His Word, and His Presence. Through the use of basic, daily spiritual disciplines we can prepare our hearts, as Elijah did, to hear the voice of God. Will we allow God to interrupt the harried pace of our days to speak to us? If we are still, we will hear His gentle whisper. Listen closely. He is calling. Reach for the happiness that lies beyond hardship and heartache. A lost job, a shaky marriage? Loneliness, frustration, or feelings of failure? A family tragedy or a serious illness? Life is full of tough times that can

leave us feeling lost and helpless. But Dr. Billy Graham, who has brought wisdom and inspiration to millions of people around the world, shows you how to triumph over pain and uncertainty and discover an inner strength you might otherwise have never known. You'll learn: How to turn the "why" of suffering into the "how" of faith. How to stop resentment and bitterness from stopping you. How failure can groom you for future success. How to store up strength for storms before they break. Prayers as a way of life—a first resort, not a last gasp! Life as a schoolroom for the afterlife. And much more. . .
