nissan nissan may be a

japanese company but many of
the firm s most successful cars
are designed and built right
here in the uk the nissan model
range includes a variety of
hatchbacks and suvs
electrification inevitably
playing a technology unique to
nissan e power uses a petrol
engine to charge a battery and
that alone drives an electric
motor powering the wheels it
responds similarly to an
electric car providing instant
torque and also has lower

tailpipe emissions and running costs compared to a traditional combustion engine 1 but without the need to plug it in in addition to the petrol nissan intelligent mobility a bolder ride through life imagine a car that parks itself automatically brakes for a pedestrian or looks out for vehicles in your blind spot discover how nissan intelligent mobility is making that possible right now and get a sneak peek at the bold ideas of the near future discover more discover our latest offers from nissan across a range of electric cars hatchbacks suvs commercial vans view more today nissan deals view all latest car van offers nissan uk at nissan we build vehicles that

are your partner in a more confident connected and exciting ride this approach guides everything we do including the customer experience which means we are your partner for as long as you own your nissan it's as true when you buy an approved used car as when you buy new for full terms and conditions click here nissan motor co ltd japanese 日産自動車 hepburn nissan jidōsha kabushiki gaisha trading as nissan motor corporation and often shortened to nissan is a japanese multinational automobile manufacturer headquartered in nishi-ku yokohama japan the company sells its vehicles under the
