With the Queen of England on her deathbed, Duchess Alyssa has stepped in, but things have gotten worse as the cure Doc created for the Horologia virus has mutated, accelerating the disease. The only possible solution he can think of is to go back to the virus's origin: an extinct poisonous apple. Legend has it a tree bearing the apple might be found at the center of a deadly labyrinth hidden deep within Germany. A place that no one in their right mind enters. With no other options, Alyssa sets out with only her sword, her wits, and the help of Maddox Hadder, a wild boy who oversees the castle gardens. To get to the center of the maze, she'll be forced to battle monsters more terrifying than her darkest nightmares. But can anyone truly survive the madness of the maze? And what if there's no apple to be found there? Junior year is about to start. Here's what Mike Tate knows: His friends are awesome and their crappy garage band is a great excuse to drink cheap beer. Rook Wallace is the devil. The Lemonheads rock. And his girlfriend Lisa is the coolest. Then Lisa breaks up with him, which makes Mike only a little sad, because they'll stay friends and he never knew what to do with her boobs anyway. But when Mike finds out why Lisa dumped him, it blows his mind. And worse—he gets elected to homecoming court. With a standout voice, a hilariously honest view on sex and sexuality, and enough f-bombs to make your mom blush, S.J. Goslee's debut YA novel *Whatever*. is a fresh, modern take on the coming-out story. A 2017 Booklist Youth Editors' Choice The New York Times bestseller everyone is talking about. If you could read my mind, you wouldn't be smiling. Samantha McAllister looks just like the rest of the popular girls in her junior class. But hidden beneath the straightened hair and expertly applied makeup is a secret that her friends would never understand: Sam has Purely-Obsessional OCD and is consumed by a stream of dark thoughts and worries that she can't turn off. Second-guessing every move, thought, and word makes daily life a struggle, and it doesn't help that her lifelong friends will turn toxic at the first sign of a wrong outfit, wrong lunch, or wrong crush. Yet Sam knows she'd be truly crazy to leave the protection of the most popular girls in school. So when Sam meets Caroline, she has to keep her new friend with a refreshing sense of humor and no style a secret, right up there with Sam's weekly visits to her psychiatrist. Caroline introduces Sam to Poet's Corner, a hidden room and a tight-knit group of misfits who have been ignored by the school at large. Sam is drawn to them immediately, especially a guitar-playing guy with a talent for verse, and starts to discover a whole new side of herself. Slowly, she begins to feel more "normal" than she ever has as part of the popular crowd . . . until she finds a new reason to question her sanity and all she holds dear. Kennedy Grey, el exitoso jefe de operaciones de su propia compañía, pensaba que tenía toda su vida perfectamente planeada... hasta que contrata a Kieran West como acompañante para el viaje de ese año. Durante los últimos cinco años, Kennedy Grey ha puesto un anuncio buscando un acompañante de viaje gay para unirse a él en sus únicas vacaciones anuales. Aunque Kennedy dice que es neutral a la hora de escoger acompañante, tiene algunos requisitos que no son negociables. Los candidatos deben tener entre veintiún y veinticinco años, no ser fumadores, beber de forma social, ser versátiles o pasivos y ser capaces de interpretar el papel de novio abnegado ante su grupo de amigos gays. El candidato obtiene unas vacaciones con todos los gastos pagados y cinco mil libras al final del viaje, incluso más si supera las expectativas de Kennedy (algo que nadie ha conseguido durante los últimos tres años). Sentado en un rincón silencioso de la cafetería, Kieran West está intentando terminar un ensayo para la universidad. Está soltero de nuevo con veintinueve años, aunque ya debería haber sentado la cabeza. Pero cuando su novia, con la que llevaba tres años, le lanzó un ultimátum (anillo o puerta) eligió la puerta. Cargado con una retahíla de préstamos de estudios que tiene que devolver, le está costando terminar sus estudios de máster mientras ayuda a su

hermano pequeño a pagar la universidad. Entonces escucha cómo un hombre en una mesa cercana está buscando a alguien para un trabajo y paga cinco mil libras. Kieran no tiene nada que perder, ¿verdad? Two men only meant for each other Master vampire Krispin Stearling has led his coven for over one-hundred-fifty years. Ruling his people while running a successful hotel and bar—which affords the vampires a safe, discreet place to search for donors—creates a great deal of stress. Krispin finds refuge on his rooftop garden and meditates there often. Imagine his surprise when his beloved literally falls out of the sky, taking out a swatch of bushes with him. After Krispin drives away his beloved’s attacker, he takes him to his suite and ensures he’s well cared for. He learns his name is Washington, and he’s a tracker for the nearby Aerascattle clutch. The gargoyle who’d injured him is a rogue he’s been tracking. While Wash admits to wanting to pursue his bond with Krispin, he has reservations. Wash’s clutch recently gained a new chieftain, a new inner circle, and he’s just coming to terms with the changes. Can Krispin convince Wash that switching his loyalty once more, to a vampire no less, will be well worth the upheaval it’ll cause to both their lives? The series publishes important new editions of and commentaries on texts from Greco-Roman antiquity, especially annotated editions of texts surviving only in fragments. Due to its programmatically wide range the series provides an essential basis for the study of ancient literature. An Enemies to Lovers Shifter, Vampire True Mates story. Justice Volkov is the youngest Alpha Zenith to ever lead the wolf shifters. Following in his father's large paw prints was a responsibility he met head on. Now at age thirty-three, he is alpha of the alphas. As a direct descendant of the original Siberian pack, his wolf is bigger and stronger than Justice, himself is sometimes able to control. His wolf howled long and hard but Justice kept it inside. It felt like a bass drum beating against his rib cage. The harsh breaths, angry snarls and the determined pacing inside him was overtaking him. Justice takes his

role of leadership and his legacy very seriously. He has little time for romance, not to mention a true mate. His packs are his priority. With a human government trying to regulate them, an uprising of rogue shifters, and a violent team of scientists trying to experiment on them, Justice has his hands way too full. Chadwick 'Wick' Bentley is not enthusiastic when the captain of his escort tells him he has to leave his comfortable London home and go back to the States. As the Vampire King, he has no choice but to get his species back in line before they cause anymore chaos. At over one-hundred years old, Wick is no one to trifle with, but his smooth, charismatic manner makes him quite unique, despite the negative reputation vampires have. Wick has had nothing but time up to this point. He doesn't feel the need to make issues pressing. Nothing is urgent in his life. Until he meets Justice. His beloved. "Natural enemies can't be mates." Or so Justice thought. He knows his skepticism and rejection is hurting his mate, so while he fights their connection, Wick gets help from a source very close to Justice to help him win his beloved's heart. Wick is a force all on his own, but when he's blessed with a special gift from the Mother herself, not even Justice's powerful wolf can prevent the prophecy from being fulfilled. This story DOES NOT contain/mention MPREG. No multiple pairings. No cliffhangers. It ends with a very HFN. Warning: This book is MM paranormal: If you DO NOT like hot, alpha men shifting into large wolves, or vampires feeding from their mates, this may not be your read. No names. Two hearts forever changed. There wasn't a lot that surprised me. My years in the Navy taught me a lot, my years hunting human traffickers taught me the rest. Meeting a beautiful woman in a bar and spending the night with her should've been a blip on my radar. Instead, I spent years trying to forget her. In the middle of a rescue operation, fate dropped her back into my life, but there was a twist--she wasn't alone. I lived and breathed romance. I was a true believer

in love-at-first-sight-happily-ever-afters. Then I found myself staring at a sexy stranger across a crowded bar, fell in love, and spent six hours living out my wildest fantasies. But I ran when I learned love at first sight stole your breath and left you afraid of a broken heart. Brooklyn Saunders has a secret to tell. One that will change everything for Rhode. Labeled as a playboy Prince, Raphael has done many crazy things in his life but commissioning a new museum to employ a stranger as a curator may top them all. For him, the game began in London when he outbid Marc at a Sotheby's auction, but what started as a misguided attempt at flirting ends when Marc confronts him and tells him home truths that cut deep. No one has ever stood up to Raphael before, and it's enough to have him questioning his role as the youngest son of an ancient royal family. He wants to be a better man, and if he happens to fall in love on the way there, then that's just perfect. The threat of losing his job means this could be the worst Christmas of Marc's life. Not only has he been outbid on a piece of history to a prince with more money than sense, but his career at the British Museum is now on the line. When the same prince offers him a dream position, his first instinct is to refuse out of principle, but he knows he can never turn down being part of a team that reveals centuries of hidden history. His professionalism turns to horror when he discovers that he's not part of a team at all and that Raphael—call me Rafe—is determined to shadow his every move. Hours alone in the castle archives start frosty, but when the ice melts, the magic of Christmas could lead to love. Christmas Prince is a standalone, opposites attract, Christmas M/M romance with a lonely prince, a stunning castle in the snow, a touch of magic, and a beautiful happily ever after. Hayden Somerset is convinced the ad is a joke, but he responds anyway because, hello, \$1.2 million. He's broke, living in a tiny apartment with two roommates, and exhausted from praying his ancient car survives just one more week. His skyrocketing rent and crushing student loans aren't helping either. At this point, there isn't much Hayden wouldn't do for that kind of cash. The ad isn't a joke. Jesse Ambrose is absolutely serious. His father, the charismatic patriarch of a powerful Hollywood dynasty, has his eye on politics, and he's counting on California's liberals and progressives to elect him. But Jesse knows what his father believes when cameras and voters aren't around. As the election looms, he'll do anything to force the man's hand and show the public who Isaac Ambrose really is. Anything, including marrying a stranger so his father will make good on his promise to disown Jesse if he ever takes a husband. Now he just has to wait for his father to take the bait... and try not to accidentally fall in love with his fake husband. Just friends. I'd repeated the lie so many times I'd almost convinced myself it was the truth. Our friendship was accidental. A lost phone, a string of text messages that led to a once-a-year birthday text. The real trouble started when we upped the game and called each other. Those phone calls strengthened our connection and solidified our bond. Fourteen years later I was in love with a man who knew me down to the deepest depths of my soul—but I'd never seen him, not even a picture. That was our deal; no last names, no pictures, and the promise to never internet search the other. I upheld that promise. River did not. I was not prepared for the man who showed up at my bookstore. River Kent was tall—so damn tall, good-looking, so damn hot he took my breath, crystal blue eyes, so damn

captivating I couldn't look away. But mostly he was a bossy, straightforward, tell-no-lies type of man. Which didn't work for me since I'd been lying through my teeth for years denying my true feelings. More than that, I was not prepared to face River months after my sister had been murdered. I wasn't ready to deal with the knowledge that she was gone and in the weeks leading up to her death I'd turned my back on her. The guilt was eating at me. River wasn't prepared to take no for an answer. Chaos and confusion had taken over my life. And to make matters worse, I found myself in the middle of a horrific child trafficking case. Okay, to be fair, I didn't find myself there, I'd purposefully inserted myself into the TAKEBACK investigation. And since I'd volunteered to go undercover, River did more than insert himself—he took over and declared himself my protector. Did I mention I was madly, deeply in love with him? Did I mention he was the man of my dreams? Did I mention River thought going undercover was dangerous, crazy, and not a good idea? Turns out River was right and just when all of my wildest dreams had come true they were torn away and I was left in shambles. "Pure delicious pleasure! This witty romance is full of toe-curling chemistry, slow-burn fun, and gasp-worthy plot twists. The drop-everything read of the year!" New York Times bestselling author Annika Martin Sunshine PA, meet Grumpy Boss... When fanfic writer Aaron Page landed a temp job with the creator of hit TV show, Leeches, it was only meant to last a week. Three years later, Aaron's still there... It could be because he loves the creative challenge. It could be because he's a huge Leeches fanboy. It's definitely not because of Lewis Hunter, his extremely demanding, staggeringly rude...and breathtakingly gorgeous boss. Is it? Lewis Hunter grew up the hard way and fought for everything he's got. His priority is the show, and personal relationships come a distant second. Besides, who needs romance when you have a steady stream of hot men hopping in and out of your bed? His only meaningful relationship is with Aaron, his chief confidante and indispensable assistant. And no matter how appealing he finds Aaron's cute boy-next-door charms, Lewis would never risk their professional partnership just to scratch an itch. But when Lewis finds himself trapped at a hilariously awful corporate retreat, Aaron is his only friend and ally. As the professional lines between them begin to blur, their simmering attraction starts to sizzle ... And they're both about to get burned. A Vic and Matt Anthology When Matt diLorenzo gives his lover, Vic Braunson, a copy of the "Kama Sutra for Gay Men" as a Christmas gift, they find it doubles as a handy reference guide to Vic's super powers. All they have to do is test out the positions to see which one gives him what ability ... This collection contains all twelve stories in J.M. Snyder's best-selling e-book series, "The Positions of Love." Wren's closest friend, her anchor since

childhood, is dead. Stewart Beasley. Gone. She can't quite believe it and she definitely can't bring herself to look up the symptoms of an aneurysm. Instead of weeping, Wren's been dreaming up the perfect funeral plans, memorial buffets, and processional songs for everyone from the corner bodega owner to her parents (none of whom show any signs of imminent demise). Stewart was a rising television star, who--for reasons Wren struggles to comprehend--often surrounded himself with sycophantic and questionable characters, amusing in his life, but intolerable in his death. When his icy mother assigns Wren the task of sorting through and disseminating his possessions alongside George (Stewart's maddening, but oddly charming lawyer), she finds herself at the epicenter of a world in which she wants no part, a world where everyone wants to own a piece of Stewart's memory and claim a stake in both his life and his death. Remembering the boy Stewart was and investigating the man he became, Wren finds herself wondering, did she even know this person who she once considered an extension of herself? Can you ever really know anyone? Will the real Stewart Beasley please stand up? Ultimately, in pursuit of acceptance, Wren discovers that her own true identity may be just as obscure as her friend's. How did she land here? How much of her own reality has she been walking through blind? Competitive Grieving is a dark, touching comedy--and unlikely love story--about loss and the chaotic aftermath of death. It takes an honest look at the universal struggle to tune out the noise and grieve, to love in the face of loss, and to yearn to truly know someone who is gone forever. A bar owner who's not looking for a relationship. A lost soul who's afraid to trust. When Elijah and Seb meet, sparks fly. But will either of them find the courage to take what they want? He called himself Stardust, but one of my friends told me his name was Jean. I met him during the summer I worked at the cotton candy stand when the circus came through town. He was made of big dreams, sunshine, and raw sense of being that I'd never known existed before him. His eyes were black as mud, his lips were the same color as the cotton candy I sold, and his smile could put a solar eclipse to shame. He was everything I wasn't. He was the first man I ever loved, and he left without me ever telling him that the way he looked at me broke my heart. I'm older now, and even if that circus never comes through town again, I'll still call him Stardust. Sweet coming-of-age story / gay romance set in the circus. Igneous. When Cooper's parents divorce, he finds himself landed in Week About-one week with his mum and one week with his dad. Only, it's not just his dad he has to live with. There's Lila, too: The other woman, the one who stole the rock-solid foundation of his life. And then . . . There's Jace. Lila's son. Lila's smug, regurgitated-fish-scale-blue eyed son. All Cooper wants is to have his family back the way it once was, but there's something about

this boy that promises things will never be the same again. Sedimentary. Resisting the realities of his new life, Cooper and Jace get off to a rocky start. But rocky start or not, after hundreds of shared memories together, they forge something new. A close . . . friendship. Because friendship is all they can have. Although it's not like they are real brothers. . .

Metamorphic. But how does that friendship evolve under the pressures of life? Under pressures of the heart? In a delightful follow-up to *Written in the Stars*, Alexandria Bellefleur delivers another queer rom-com about a hopeless romantic who vows to show his childhood crush that romance isn't dead by recreating iconic dates from his favorite films... *Brendon Lowell loves love*. It's why he created a dating app to help people find their one true pairing and why he's convinced "the one" is out there, even if he hasn't met her yet. Or... has he? When his sister's best friend turns up in Seattle unexpectedly, Brendon jumps at the chance to hang out with her. He's crushed on Annie since they were kids, and the stars have finally aligned, putting them in the same city at the same time. Annie booked a spur-of-the-moment trip to Seattle to spend time with friends before moving across the globe. She's not looking for love, especially with her best friend's brother. Annie remembers Brendon as a sweet, dorky kid. Except, the 6-foot-4 man who shows up at her door is a certified Hot Nerd and Annie... wants him? Oh yes. Getting involved would be a terrible idea—her stay is temporary and he wants forever—but when Brendon learns Annie has given up on dating, he's determined to prove that romance is real. Taking cues from his favorite rom-coms, Brendon plans to woo her with elaborate dates straight out of Nora Ephron's playbook. The clock is ticking on Annie's time in Seattle, and Brendon's starting to realize romance isn't just flowers and chocolate. But maybe real love doesn't need to be as perfect as the movies... as long as you think your partner hung the moon. Sam: He's solid, kind, and he's back. Luke. My next door neighbor. My best friend. My unofficial co-parent. God, I've missed him. Really, deeply missed him. Now he's around again? Maybe he'll help me tick my way through my Must Do List . . . Swim with the great whites? Get into crazy, nasty shape. Lift weights before work! Date someone ten years older. Flirt, have fun, don't fall in love. Do something sexually taboo. (Or just have sex again.) I mean, I'm straight, so Luke doesn't have to help me with the last three points. But, what . . . what if he does? Luke: He's the guy I'm in love with. He doesn't even know I'm gay. God, I'm screwed.
