Herb Ritts Sep 03 2020 This portfolio showcases the legendary Herb Ritts, probably the greatest master of celebrity and beauty photography. Until his death in 2002, the Californian genius

created and developed an iconic brand of glamour across the worlds of both editorial and advertising. His trademark groundbreaking approach is still the standard to which others aspire. Indeed, it is his images of world stars and models that best captured style at the end of the 20th century. With an understanding for the architectural quality of true beauty, Ritts conveys its structure, its texture--and its explosive impact. The Stern Fotografie volume features the best--some unpublished--portraits of those whom Herb Ritts immortalized.

**City of a Hundred Fires** Jul 14 2021 "Richard Blanco, a Cuban raised in the United States, records his threefold burdens: learning and adapting to American culture, translating for family and friends, and maintaining his own roots. . . . Blanco is already a mature, seasoned writer, and his powers of description and determination to get every nuance correct are evident from the first poem. . . . Absolutely essential for all libraries." --Library Journal "As

one of the newer voices in Cuban-American poetry, Blanco write about the reality of an uprooted culture and how the poet binds the farthest regions of the world together through language. . . . This book describes the price of exile and extends beyond the shores of America and the imagined shores of home." --Bloomsbury Review "Unlike most contemporary minority poetry, *City of a Hundred Fires*, introduces readers to the fullness and richness of ethnic life, and not only the frustration and isolation so often associated with it. Richard Blanco exquisitely portrays the triumphs and defeats of a land and a people that have just barely survived revolution and time, and, without sentiment or cliché, affirms the ability within us all to achieve wholeness." --Indiana Review "Blanco is a fine young poet, and this poetry, the bread and wine of our language of exile, is pure delight. May he continue to produce such a heavenly mix of rhythm and image--these poems are more than gems, they are the truth not only

about the Cuban-American experience, but of our collective experience in the United States, a beautiful land of gypsies." --Virgil Suarez

Richard Blanco was, as he says, "made in Cuba, assembled in Madrid, and imported to the United States," meaning he was conceived in Cuba, born in Madrid, and arrived in the United States as an infant able to claim citizenship in three different countries. His work has appeared in many journals, magazines, and anthologies, including the *Nation*, *Michigan Quarterly*, *TriQuarterly*, and *Indiana Review*. Blanco is a graduate of the MFA program in creative writing at Florida International University and also works as a civil engineer.

*Katie's Cabbage* Aug 15 2021 *Katie's Cabbage* is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words,

Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into *Katie's Krops*, a national youth movement aimed at ending hunger one vegetable garden at a time. *Katie's Cabbage* reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. *Katie's Cabbage* was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of *Greek Revival from the Garden: Growing and Cooking for Life*, offers

a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time.

*Atlas of the Human Brainstem* Oct 05 2020 Work on the human brainstem has been impeded by the unavailability of a comprehensive diagrammatic and photographic atlas. In the authors' preliminary work on the morphology of the human brainstem (*The Human Nervous System*, 1990), Paxinos et al demonstrated that it is possible to use chemoarchitecture to establish a number of human homologs in structures known to exist in the rat, the most extensively studied species. Now, with the first detailed atlas on the human brainstem in more than forty years, the authors present an

accurate, comprehensive, and convenient reference for students, researchers, and pathologists. Key Features \* The first detailed atlas on the human brainstem in more than forty years \* Delineated as accurately as *The Rat Brain in Stereotaxic Coordinates, Second Edition* (Paxinos/Watson, 1986), the most cited book in neuroscience \* Based on a single brain from a 59-year-old male with no medical history of neurological or psychiatric illness \* Represents all areas of the medulla, pons, and midbrain in the plane transverse to the longitudinal axis of the brainstem \* Consists of 64 plates and 64 accompanying diagrams with an interplate distance of half a millimeter \* The photographs are of Nissl and acetylcholinesterase (AChE) stained sections at alternate levels \* Establishes systematically the human homologs to nuclei identified in the brainstem of the rat Reviewed by leading neuroanatomists \* An accurate and convenient guide for students, researchers, and pathologists

**Strategic Negotiations for Sustainable Value** May 12 2021 "Strategic Negotiations for Sustainable Value is a practical guide to learning how to conclude lasting business deals that are environmentally, socially and economically sustainable in an international business context. Managers today need to negotiate with multiple stakeholders, such as suppliers, customers, agencies, governments and authorities to be able to access the resources that they need. Creating and capturing sustainable value is not a

fixed entity but rather the outcome of long and time-consuming negotiations that affect further negotiations. Providing illustrative international case studies throughout each chapter, this book explores: the strategic challenges that managers face in their markets today; the practical, analytical tools that needed to create and capture value that is sustainable; the behavioral biases and cognitive errors in strategic negotiations; the various ways by which negotiators manifest their business agreements in contracts; and, the managerial implications of strategic negotiations. The book is ideal as a core textbook for advanced undergraduate and postgraduate students in negotiation, business administration, management, or related courses such as business marketing, customer or key account management. It is equally valuable to industry professionals, managers involved in negotiating with customers, suppliers or partners and those pursuing professional qualifications or accreditation in marketing,

sales or management"--

**Through My Eyes** Sep 23 2019 These are more than dreams and visions: they're a calling. Six people. Five mind-numbing visions. Four ancient and mysterious artifacts. Two exotic locations. And one greedy man who will stop at nothing, not even murder, to achieve his goal. Rev. Adam Bridger and his wife, Dr. Rachel Tremaine are once again in the center of an adventure not of their making. And joining them are four total strangers who, along with Rachel, have seen visions that most mortals can't imagine. They have been called on a mission that will forever change the world--if they survive.

**The Social History of the American Family** Jan 20 2022 The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit

across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the "ideal" family have changed over time to reflect changing mores, changing living standards and lifestyles, and increased levels of social heterogeneity. Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of American families from the colonial period to the present. Key themes include families and culture (including mass media), families and religion, families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family

forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions.

[Faith-based Identity and Curriculum in Catholic Schools](#) Nov 17 2021 Faith-based Identity and Curriculum in Catholic Schools examines the relationship between faith-based education and whole curriculum at a time when neoliberal ideologies and market values are having a

disproportionate influence on national education policies. Topics addressed include: current challenges and dilemmas faced by Catholic Education leadership; Catholic social teaching and its implications for whole curriculum; the opinions of teachers in Queensland Catholic schools regarding faith-based school identity with particular reference to whole curriculum; an associated comparison of these opinions teachers with those of their USA peers; school identity and Catholic social teaching in Ontario Catholic schools; an action research approach to the integration of Catholic social teaching in Queensland Catholic schools; longitudinal study of the views of pre-service teachers at a Catholic university regarding the purposes and characteristics of Catholic schools. Bringing together professionals and academics from across the world, Faith-based Identity and Curriculum in Catholic Schools will inspire Catholic and other faith-based educators to appreciate the importance and potential of the

integration of faith-based perspectives such as countercultural Catholic social teaching across the school curriculum in an educationally appropriate manner.

Busy School Nov 05 2020 A novelty book about going to school, with push, pull and slide mechanisms. The school bell's rung, let's start the day! With something to push, pull or slide on every spread, this is the perfect book for little children who are about to start school or nursery. Turn the wheel to find new words and pictures, clamber up the climbing frame, make dough models and have a fun-filled day at school. Busy School has easy-to-handle

mechanisms making it perfect for young, inquisitive fingers and minds! This board book is beautifully illustrated by Angie Rozelaar. The Book of L Aug 27 2022 This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely,

DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L. Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant. *F\*cking History* Oct 17 2021 History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh\*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your

life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f\*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f\*cking-patra. People in the past were just like us--so learn from life's losers and emulate the

badasses. The Captain shows you how.
