When George Washington beat a hasty retreat from New York City in August 1776, many thought the American Revolution might soon be over. Instead, Washington rallied—thanks in large part to a little-known, top-secret group called the Culper Spy Ring. He realized that he couldn't defeat the British with military might, so he recruited a sophisticated and deeply secretive intelligence network to infiltrate New York. Drawing on extensive research, Brian Kilmeade and Don Yaeger have offered fascinating portraits of these spies: a reserved Quaker merchant, a tavern keeper, a brash young longshoreman, a curmudgeonly Long Island bachelor, a coffeehouse owner, and a mysterious woman. Long unrecognized, the secret six are finally receiving their due among the pantheon of American heroes. Collecting the series that led into INFINITE CRISIS! Six of justice's deadliest enemies band together to start a revolution. Together, they want to take a stand to stop the super-heroic community from tampering with their minds and to prove how deadly they can be! But not everyone agrees to this agenda. Six rogues are recruited by the enigmatic Mockingbird, charged with opposing the Society and given assignments to thwart their rivals and even help their enemies. Who is Mockingbird? Could it be one of the six? Collects VILLIANS UNITED #1-6, SECRET SIX #1-6, VILLIANS UNITED: INFINITE CRISIS SPECIAL #1. Harness the Power. Find the Key. Save the World. No big deal, right?Melody longed to escape her sheltered existence. Wales Academy, where she discovers that magic is not only real, but also that it's been inside her all of her life. She meets Cole, a handsome Air Elemental with strangely familiar blue eyes and a tendency to take her breath away.Melody, Cole, and four others make up an elite group known as The Secret Six, whose duty is to protect the crystal key, preventing an evil organization called The Brotherhood from using it to release a being of ultimate chaos into the world. The only problem is, the key is missing!The search begins as The Secret Six race against The Brotherhood in the hopes of finding the key first. What could go wrong? The mysterious team of misfits comes straight from the pages of DC's smash hit Villains Untied-- walking the line between good and evil and taking on the dirtiest, craziest tasks in the DC universe. "Painting a panorama of the colorful quarter century before the Civil War, Otto Scott's prose captures the contemporary passions of a period of intense abolitionist feeling, the heat of the adamant pro-slavery faction, and the lively personalities who made the issues burst into flames. This moving view of the end of the Jefferson Republic provides an historical viewpoint on political extremism that has compelling relevance in our own time." --Page [3] of cover. The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by

two members of the Quest4Treasure forum. Amanda Waller and her Suicide Squad have captured Deadshot to try to force him to rejoin their ranks, but his teammates in the Secret Six don't see that happening anytime soon. As the two groups go toe-to-toe the Black Lanterns show up and force the teams to work together to defeat these heroes and villains that have risen from the dead. After being promised a full presidential pardon for their crimes, two Secret Six teams head for the lost world of Skartaris and collide in an all-out battle of epic proportions. Superstar writer Gail Simone (BIRDS OF PREY, BATGIRL, WONDER WOMAN) reinvents her fan-favorite super-team-up! Six strangers captured, drugged and thrown together in a prison cell in the middle of the ocean. All of them with certain special abilities. None of them exactly superheroes. How are they connected? Why were they taken? With no answers coming, these unlikely allies must band together to escape the shadowy figure who locked them away and continues to hunt them down for reasons they don't understand. If they can manage not to kill each other first, they may just stay alive long enough to get their revenge on the mysterious "Mockingbird." And a taste for revenge, it turns out, is the one thing they all have in common. Not quite heroes, not quite villains; one thing's for sure--these ain't the Justice Dorks. Featuring art from Ken Lashley (ACTION COMICS), Dale Eaglesham (GREEN LANTERN), Tom Derenick (INJUSTICE: GODS AMONG US) and more! Collects issues #1-6 and DC SNEAK PEEK: SECRET SIX #1.
