An engaging and in-depth examination of the work of Guillermo Del Toro, one of the most revered directors working in modern cinema. Una novela oscura y mágica, una inolvidable colaboración entre dos de los narradores más renombrados de nuestros días: Guillermo del Toro y Cornelia Funke. En un reino subterráneo, donde no existían las mentiras ni el dolor, una princesa soñaba con los humanos. Un día escapó a nuestro mundo, el sol borró sus recuerdos y la princesa murió, pero su espíritu era inmortal. El rey no se daría por vencido: tenía la esperanza de que su hija regresara a casa algún día. En otro cuerpo. En otro tiempo. Quizás en otro lugar. Esperaría... hasta su último aliento, hasta el final de los tiempos... Atmosférica y absorbente, inspirada por la cinta ganadora del Oscar, y con material original que amplía la historia, esta arrebatadora novela ilustra espléndidamente que la fantasía es el artificio más sagaz para develar los milagros y los terrores de la realidad. Released in 2001, Guillermo del Toro's *The Devil's Backbone* announced the director as a singular talent with a unique ability to mix the macabre with the sublime. A spiritual companion piece to his Oscar-winning *Pan's Labyrinth* (2006), the film shares similar themes and is also set against the backdrop of the Spanish Civil War, a brutal conflict that turned ordinary men into monsters. Through a series of in-depth and extremely candid interviews with the director, this deluxe volume not only explores the shooting of the film but also delves into a range of other topics with del Toro, including his influences, his uniquely nuanced approach to filmmaking, and the traumatic personal events that colored the creation of *The Devil's Backbone*. The book also draws on interviews with key contributors in the film's creation, including cinematographer Guillermo Navarro and composer Javier Navarrete, to give readers an exclusive, behind-the-scenes look at how this gothic horror masterpiece was crafted. Featuring a wealth of exquisite concept art and rare unit photography, Guillermo del Toro's *The Devil's Backbone* is the ultimate behind-the-scenes look at an unforgettable Spanish-language classic. In little more than a century of cinema - Birth of a Nation was one hundred years old in 2015 - our sense of what a film director is, or should be, has shifted in fascinating ways. A director was once a functionary; then an important but not decisive part of an industrial process; then accepted as the person who was and should be in charge, because he was an artist and a hero. But the world has changed. In a nutshell, the change takes the form of a question: Who directed *The Sopranos* or *Homeland*? Hardly anyone knows, because we don't tend to read TV credits and the director has returned to a more subservient and anonymous role. Directors now try to be efficient, the deliverers of profitable films, and are often involved as producers, like Steven Spielberg. David Thomson's brilliant *A Light in the Dark* personalises each chapter through an individual: Jean Renoir, Howard Hawks, Jean-Luc Godard, Alfred Hitchcock, Luis Bunuel, Orson Welles, Fritz Lang, Jane Campion, Stephen Frears and Quentin Tarantino. Through these characters (and other directors not mentioned here),

David Thomson relates an imaginative new history of a medium that has changed the world. A vampiric virus infects New York and spreads outward, threatening the city and then the world, as a CDC doctor and a Holocaust survivor fight to save humanity. Over the last two decades, writer-director Guillermo del Toro has mapped out a territory in the popular imagination that is uniquely his own, astonishing audiences with *Cronos*, *Hellboy*, *Pan's Labyrinth*, and a host of other films and creative endeavors. Now, for the first time, del Toro reveals the inspirations behind his signature artistic motifs, sharing the contents of his personal notebooks, collections, and other obsessions. The result is a startling, intimate glimpse into the life and mind of one of the world's most creative visionaries. Complete with running commentary, interview text, and annotations that contextualize the ample visual material, this deluxe compendium is every bit as inspired as del Toro is himself. Contains a foreword by James Cameron, an afterword by Tom Cruise, and contributions from other luminaries, including Neil Gaiman and John Landis, among others. A critical exploration of one of the most exciting, original and influential figures to emerge in contemporary film, Guillermo del Toro: *Film as Alchemic Art* is a major contribution to the analysis of Guillermo del Toro's cinematic output. It offers an in-depth discussion of del Toro's oeuvre and investigates key ideas, recurrent motifs and subtle links between his movies. The book explores the sources that del Toro draws upon and transforms in the creation of his rich and complex body of work. These include the literary, artistic and cinematic influences on films such as *Pan's Labyrinth*, *The Devil's Backbone*, *Cronos* and *Mimic*, and the director's engagement with comic book culture in his two *Hellboy* films, *Blade II* and *Pacific Rim*. As well as offering extensive close textual analysis, the authors also consider del Toro's considerable impact on wider popular culture, including a discussion of his role as producer, ambassador for 'geek' culture and figurehead in new international cinema. In 1965, Mike Peterson, an American Peace Corps volunteer midway through his two-year service in Colombia, is heading into the rainforest with friends. Thanks to a land-reform policy—"land without men for men without land"—his friends intend to claim a parcel of free jungle land to homestead. Mike eagerly accepts the invitation to be a part of this life-changing experience with them. No one could have predicted just how life-changing the experience truly would be. While traveling overnight to the rainforest by chiva—the rustic, open-air buses of the Andes—Mike and his friends are pulled into a situation they can't fully understand. They attempt to rescue a young woman from her abusive companion, a ruffian who turns out to be an employee and friend of Don Trujillo, the vengeful rancher and smuggler who controls the flow of contraband along the Urabá coast. In payment for their kindness, the homesteaders may have provoked the wrath of the unpredictable

Trujillo and his gun-slinging gauchos. The mountainous forest they are heading into is a refuge for Indians, bandits, smugglers, and outlaws, as well as the many camouflaged, lethal creatures that inhabit the woods, swamps, and waterways. Mike and his friends must find the strength and courage to survive the many challenges of their new rainforest home, but the promise of love and hope keeps them going. A few days after 9/11, US Vice-President Dick Cheney invoked the need for the USA to work the dark side in its global War on Terror. *Cinema of the Dark Side* explores how contemporary cinema treats state-sponsored atrocity, evoking multiple landscapes of state terror. Investigating the ethical potential of cinematic atrocity images, this book argues that while films help to create and confirm normative perceptions about atrocities, they can also disrupt those perceptions and build alternative ones. Asserting a crucial distinction between morality and ethics, it proposes a new conceptualisation of human rights cinema, one that repositions human rights morality within an ethical framework that reflects upon the causes and contexts of violence. It builds upon theories of embodied perception to offer a new perspective on the ethics of spectatorship, providing readers with fresh insights into how we respond to atrocity images and the ethical issues at stake. Covering a diverse spectrum of 21st century cinema, this book deals with documentary and fictional representations of atrocity such as

state-sanctioned torture, genocide, enforced disappearance, deportation, and apartheid. It features close analysis of contemporary films, including Zero Dark Thirty, Standard Operating Procedure, Hotel Rwanda, Sometimes in April, Nostalgia for the Light, Chronicle of an Escape, Children of Men, District 9, Waltz With Bashir, and Paradise Now.
